

## OneGrade - Tracking Quals Without DfE National Data

### The 'Ofqual Graded' Cohort

OneGrade is pre-loaded with the national performance data (Value Added and Completion/Attainment) which has been released by the DfE since 2015/16. Great as this is, this data does not however cover all qualifications or types of qualification. Colleges usually offer a range of qualifications where they wish to set target grades and track student performance, but where no DfE national performance data is available.

OneGrade also contains Ofqual data which enables us to know which qualifications are graded, and if so, the grading scale to be used. Graded qualifications without DfE data are by default placed into a separate cohort called 'Ofqual Graded' and you have 2 choices about what to do next:

1. Map the qualification to another qual with national data (see main user guide for details on how to do this), or
2. Leave the qual 'unmapped' and proceed as below:

Academic Year	20/21	<input checked="" type="checkbox"/> Show Estimated Grades	<input type="checkbox"/> Show Enrol Grade, Points, VA	<input type="checkbox"/> Show 20/21		
		<input checked="" type="checkbox"/> Show Inflated Estimated Grades	<input type="checkbox"/> Show DfE Value Added (Final)	<input checked="" type="checkbox"/> Show Most		
Student Ref	Surname	Forenames	Learning Aim Ref	Learning Aim Title	Size	Cohort
434215	434215	Student	60187529	GCSE (9-1) in Biology	1....	Ofqual Graded
442016	442016	Student	60187529	GCSE (9-1) in Biology	1....	Ofqual Graded
427993	427993	Student	60187529	GCSE (9-1) in Biology	1....	Ofqual Graded
386436	386436	Student	60187529	GCSE (9-1) in Biology	1....	Ofqual Graded

*GCSEs in subjects other than English or Maths are a good example of 'Ofqual Graded' quals which you may wish to track*

### Tracking 'Ofqual Graded' Cohort Qualifications

For enrolments in the 'Ofqual Graded' cohort, a 'Personal Target Graded' (PTG) can be set via OneGrade Web:

Student Ref	Forenames	Surname	Group Code	Course Code	Learning Aim	QoE Pts	NTG	NTG+	PTG
386436	Student	386436	27012W0	27012W	60187529	---			[Select Grad]
425325	Student	425325	27012W0	27012W	60187529	3.00			Select from list...
427993	Student	427993	27012W0	27012W	60187529	3.57			9
429357	Student	429357	27012W0	27012W	60187529	4.33			8
432462	Student	432462	27012W0	27012W	60187529	4.00			7
									6
									5
									4
									3

Upon clicking the 'Save' button, the PTG is inserted as the national target grade (NTG) and an inflated national target (NTG+) is also produced. Like any other graded qualification in OneGrade, you can now add regular teacher assessed grades and track students' performance against their targets:
