

How does OneGrade DELTA work?

- The college chooses from a broad range of different categories which reflect student performance.
- Data relating to each of those categories is imported for each student every week.
- DELTA converts the raw data into a score between 0 (worst case) and 100 (best case) for each category.
- An overall weighted average of the scores for all categories is generated for each student each week.
- The DELTA data can be viewed in a grid form, for each teaching group, course or department.
- The grid includes the current scores and the change from a set number of weeks in the past.
- Graphical analysis allows you to clearly view trends in the data over time.
- Interventions such as meetings with students can be viewed along with the graph of scores over time.
- Contextual 'flags' allow you to take into account circumstances which may be affecting performance.

The main DELTA screen is accessed from the DELTA tab

This section allows you to change the view between DELTA scores, raw data values or to view changes in scores over time

The 'My Watchlist' function allows you to select certain students who will appear by default on an overall report.

Alongside the students' names we can see their latest overall weighted DELTA score plus the change from the number of weeks ago specified at the top of the screen

The score for each category is shown, along with the change from the number of weeks previously which you specify. The buttons above the grid allow you to change the category data to show the raw values or the exact change in the scores.

My Watchlist		Student			Delta Summary

Clicking on a column header will sort the data e.g. we can see the students in order of their overall score, or in this example the change in their DELTA score since 4 weeks ago.

Clicking on the arrow next to the number in the 'Change' column will display a graph like the one shown below.

The graph shows the full history of changes in the overall DELTA score each week.

Weekly Delta Overall Scores : Megan Islam (446845)

Meetings with students (or other 'interventions') are shown as coloured 'nodes' on the graph.

Overall Score Change over the last 4 weeks is: 53 (Week 20) - 55 (Week 16) = -2

Display Category

Student			Delta Summary		Delta Category Scores						
Student Ref	Surname	Forenames	Overall Score	Change	Att	Punc	Prog	O/S Work	Survey	Wk Placement	Comments
446845	Islam	Megan	53	-2 ▼	0 ▶	10 ▶	0 ▼	100 ▶		0 ▶	100 ▶

Interventions

Intervention #	Date of Intervention	Week No	Information	Course
1	27/09/2023	4	1:1 Careers Interview	n/a n/a
2	29/09/2023	4	Stage 1 - First Formal Warning	n/a n/a
3	10/10/2023	6	Stage 2 - Second Formal Warning	n/a n/a
4	16/11/2023	11	Stage 3 - Final Formal Warning	n/a n/a
5	13/12/2023	15	One to One	n/a n/a

Interventions (normally meetings recorded in an ILP) are also listed in a table, with dates.

You also have the option to overlay a graph of specific DELTA categories over the main graph:

Contextual Flags

When looking at DELTA data, it's useful to have other contextual information relating to the students available on the same screen. For example, whether a student has a learning disability, an Educational Health Care Plan (EHCP), or High Needs. You might also see flags relating to students who are carers, in care, or receiving additional learning support. Whilst it wouldn't be appropriate to include such indicators in the DELTA calculation, it's nevertheless useful to see them alongside the DELTA scores:

Delta Category Scores (as of 22/01/2024)									Flags/Values (for further information)				
Att	Punc	Prog	O/S Work	Survey	Wk Place...	Comments	Behavioural	Late Start?	LLDD	EHCP	High N...	Carer	In Care?
10	100	75	100		0	50	100	100					
40	15	100	100		0	100	100	100					
70	100	100	100		0	100	100	100	✓				
100	100	100	100		0	100	100	100	✓	✓	✓		
5	70	0	100		0	100	100	100					
10	10	0	100		0	100	20	100					
40	70	0	100	80	0	100	100	100	✓				
70	70	75	100	80	0	100	100	100					
15	40	0	100		0	100	100	100					
0	10	0	100		0	100	100	90					✓

Enrolment Level Data

DELTA scores relate to a student overall as opposed to enrolments on specific courses. Hence it can sometimes be useful to see the raw data for e.g. attendance at enrolment level.

For example below, the student has a very low DELTA score for attendance:

My Watchlist	Student			Delta Summary		Att
Student ...	Surname	Forenames	Overall Score	Change	Att	
446845	Islam	Megan	53	-2	0	

It's helpful to be able to check their actual attendance figure on each course by using the 'Enrolments' tab and clicking the 'All Courses' flag:

Student			Enrolment		Att
Student ...	Surname	Forenames	Course Code	Course Title	Att
446845	Islam	Megan	29462W	(O) EDEXCEL L3 Nat Ext D...	68.50
446845	Islam	Megan	GCSE-MAT	OCR GCSE Maths EVE 1Y...	48.30

In the example above we can see that while attendance overall is poor, Maths is of particular concern.

DELTA ANALYSIS AND REPORTING

Navigation within a course or department

OneGrade Plus allows simple navigation between specific groups on a course, all students on that course code or learning aim, or all students in the same department:

VA Group: 29462W2 29462W2_GpAG ((O) EDEXCEL L3 Nat Ext Dip Art and Design Practice (16-18 FT) YR2)

Columns	In Year Progress	Grouped Reporting	Progress vs Target	Progress vs Final	Details	Delta
Student Ref	Surname	Forenames	Course Code	Learning Aim	Dept	
434080	Adams	Leon	29462W	6034667X	51	
448999	Adams	Nikyta-Skye	29462W	6034667X	51	
443935	Anderson	Josh	29462W	6034667X	51	

If we click on the link to Dept 51 in the above group, we can then view DELTA data for every student on an enrolment in that department (the full grid below actually contains around 300 rows):

VA Dept: 51
